Latest Product Updates

GPO Compliance Manager Updates

QuicksortRx's latest release enhances visibility across Vizient, Premier, and HealthTrust programs, supporting more accurate unit-based compliance calculations in real time. As new GPO metrics take effect, these updates help pharmacy teams monitor compliance continuously and identify opportunities for improvement.

Eli Lilly 340B Benefit Tool Update

Rapidly project potential 340B savings losses by supplier based on your current purchasing patterns to quickly ensure compliance and avoid severe financial losses in the future. While the Eli Lilly claims-level data requirement has been postponed, our updates will help customers prepare for future supplier requirements.
